Find themselves in a fix as Indian Oil majors have been charging 38% higher price for Naphtha over international prices resulting in higher tariff for the power produced so; and

(b) if so, in what way Government plan to resolve this problem?

THE MINISTER OF POWER (SHRI P.R. KUMARAMANGALAM): (a) Some of the Independent Power Producers who are pursuing naphtha based power projects in the country have made representations stating that the pricing mechanism for liquid fuels for power generation, particularly naphtha, has resulted in higher tariff for the power produced by these projects. It has been stated by Indian oil companies that they are supplying fuel on 'import parity basis'.

(b) The matter has been taken up with the concerned agencies.

Population of Delhi

*146. SHRI K. RAHMAN KHAN: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Delhi's population has been reported to be 1.43 crores;

(b) if so, the reasons for the unexpected increase in the population;

(c) whether the current census exercise is expected to reveal the number of migrants particularly Bangladeshis; and

(d) if so, in what way Government propose to proceed against these migrants?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI I.D. SWAMI): (a) The exact population of Delhi as per Census of India 2001, will be known only after the population enumeration is over. However, considering the fact that the percentage decadal increase in each of the last four censuses since 1951 has been approximately 52%, it has been estimated that the projected population of Delhi would be about 1.44 crores.

(b) The government is aware that the population of Delhi is increasing due to reasons of urbanisation and migration apart from the natural increase.

(c) and (d) The current Census exercise may not reveal the number of migrants from other countries including Bangladesh, since no question on nationality is being canvassed.
